On a Microsoft® Windows 95, 98, NT operating system, you have to install the Windows Media Player (download it from <http://www.microsoft.com>) or an MP3 player like Nullsoft Winamp (download it from <http://www.winamp.com>). On a Microsoft® Windows XP Home or Professional operating system, The Windows Media Player is available in the default setup.

It's not necessary to install a player on this operating system (it's advisable to download the latest updates for Media Player from <http://www.microsoft.com>). If you want to listen to the complete cd-rom, both players require creating a playlist, containing all MP3-tracks from this cd. Consult the help function in the software for further information on creating playlists.
