

DALLAS TI HOME COMPUTER GROUP

April 1982

Last Month (by Richard Lamson)

At the March 19 meeting Doyle Kelley gave an informative demonstration of the newly released TI Mini Memory Module. Members were later given a chance at "hands on" use of the several available modules. In addition, numerous tapes and disks were exchanged through the club software library.

Next Meeting (by Doyle Kelley)

Subject: Southwest Computer Show Potpourri. A mixture of subjects, demonstrations, and products currently showing at Market Hall (see attached flyer).

Location: Gorman Lecture Center, room F, on the University of Dallas Campus. (the building just north of the bell tower).

TIME: Third Friday of each month at 7:00 PM.

President's REM (by Doyle Kelley)

Those of you at the last meeting will recall our plans for the Southwest Computer Show scheduled for the 15th - 18th of this month. The club has been assigned booth 467 for the full 4 days. Many thanks to the volunteer help that will allow us to staff the display for the duration and especially for Steve Booth who has made the arrangements, etc. Those of you that attend the Thursday and Friday show should absorb as much as possible (including free goodies) to share at the meeting on Friday night.

Let me remind you of our dues renewal policy as we are entering into our second year for those members that were initial members. Please check your dues receipt and renew your membership with Greg Cortez at the next meeting. Fees are \$15.00 per year with \$5.00 for each additional family member. Individuals will be retained on the mailing list for 3 months following expiration of dues.

We are getting a number of calls from organizations that are asking for speakers, demonstrations, and tutors. If you are interested any providing this type of service, please give me something in writing so we can make the appropriate referral.

TECHNICAL TIDBITS (TIDBITS) BY REFERENCE

THIS SECTION REFLECTS IDEAS AND INFORMATION COLLECTED FROM YOU! PLEASE SEND OUR CONTRIBUTIONS OR OTHER COMMENTS ON ARTICLES YOU WOULD LIKE TO SEE TO THE NEWS LETTER ADDRESS BELOW:

Ever wonder about the ASCII Code for the ENTER key? How about the code for the 99/4 cursor? Listed below are some functions and their respective ASCII Codes which were not given in the User's Guide nor on the reference card.

<u>Function</u>	<u>Key</u>	<u>ASCII Code</u>
AID	Shift A	1
BEL	Shift F	3
ESC	Shift G	4
BSO	Shift R	6
WRASE	Shift T	7
LEFT	Shift S	8
RIGHT	Shift D	9
DOWN	Shift Z	10
UP	Shift E	11
PROG'D	Shift V	12
ENTER	ENTER	13
PGDN	Shift W	14
PAGE	Shift B	15
	Cursor	30
