DEAR MR. SPONAUGOE,

The first meeting of the User's Group was a huge success! Ten people attended the meeting, eight could not make it because of conflicting activities. They will be receiving this letter.

We have varied/experience levels and hope we can eliminate some of the differences between us in the next few months. Many families received computers for Christmas. They are plugging away at the Basic book. Another member has programming experience in Assembler Language.

The next meeting will be held in Greg Greenwald's home. The address is 937 Rosewood Drive, Peru. Greg's phone number is 472-1282.

The Group has decided to meet in member's homes on the second and fourth Tuesdays at 7:00. Home meetings were preferred because of the availability of the systems.

Next meeting topics of discussion will include: dues, election of officers, appointing a constitution committee, and location of future meetings. Program topics will be discussed also.

A newsletter will be sent only to those members who are unable to attend the meetings.

Hope to see everyone at the next meeting! Bring a TI friend!

Sincerely,  
Cindy Cattin
