P.O. Box 647 Venedocia OHIO 45894

Dear Fellow TI User Group:

Let me introduce you to one of the newer TI99/4a user groups, the Lima Area TI Home Computer User Group, serving northwest Ohio. We have been meeting monthly for 15 months and have about 35 paid members. Unfortunately, our small size makes it difficult to put together a newsletter, but we do have a very large program library with over 2000 program listings. In order to get to know your user group and other TI users, the Lima TI H.C.U.G. makes your user group the following offer.

We have acquired from G. C. Romano the entire Free Access Library of public domain programs and would like to offer these programs, as well as any other non-copyrighted programs in our program library, to your user group at no charge. The Free Access Library includes almost everything once offered for sale by the now bankrupt International Users Group, plus many additional programs. The Lima H.C.U.G has a data base listing each program in its library in Personal Record Keeping format. Programs are listed by name, category, and hardware needed to run the pogram. A short description of each program is provided (see attached sample). Your club may obtain a copy of this data base by sending 4 single sided disks in a mailer with return postage to the above address.

The Free Access Library includes games (disks A1-A38), graphics and demonstrations (disks B1-B12), music (disks C1-C16), education (disks D1-D14), business and professional (disks E1-E8), math and engineering (disks F1-F7), home use (disks G1-G6), and utilities & miscellaneous (disks H1-H8). There are also several public domain disks of special applications such as integrated business software. To obtain these programs directly from the Free Access Library would require at least \$220 in copying fees. The Lima H.C.U.G. offers these programs to your club (not to individuals) at no charge. Just send your single sided disks with return mailer and return postage to the above address. You can either request specific programs based on what you read in the Lima H.C.U.G. data base, or request specific disks just to see what is on them. In either case, you will recieve in your return mailer single sided disks filled with programs (including the ones you have selected).

What's in it for the Lima H.C.U.G? We want to see your newsletter. Since we are too small to generate our own newsletter to trade with you, we are offering to trade our program library and its data base FOR A SUBSCRIPTION TO YOUR CLUB'S NEWSLETTER. This way we can find out what is happening out there in TI world.

Please remember: 1) This offer is made only to TI user groups and not to individuals. 2) You must include a self addressed STAMPED return mailer for your club's disks. 3) In exchange we request a complementary subscription to your club's newsletter mailed to the above address.

Sincerely,

Charles W. Good

Librarian:

Lima TI H.C.U.G

## DISK PROGRAMS 3

Ţ	•		
NAME	DISK NAME KIND?	CODES DS+	COMMENTS
į.	DEPT/BUDGT BUSINESS	XB/PR	FOR SMALL-MEDIUM SIZE BUSINESS THAT MAKES AND ALTERS AN ANNUAL BUDGET. A SET OF PROGRAMS.
097	USEGROUP10 BUSINESS	XB(PR)	"PROJECT COSTS" CREATES FILE "FNMK"
089	USEGROUP10 BUSINESS	XB(PR)	"CLIENT BILLING" LOADS FILE BILO.
082	USEGROUP10 BUSINESS	XB	"GENERAL INVENTORY"
ii.		XB/PR	PRINTS TO GEMINI-LIKE PR LARGE PICTURES INCLUDING LINUS, CHARLIE BROWN, ANDY CAPP, ETC. NEAT!
